5. That completes the registration request for a partner or team mate.

- 6. Other players who click on the Partnership desk button and then the event they are interested in will see a list of players looking for a partner or team mates. They can contact the potential partners through My ABF which will send their details to the first player on the list. Players need to keep a lookout for emails from responders.
- 7. Once you have found a partner / team mate it is important to delete your name from the partnership desk so you don't continue to get further requests from others seeking a partner/s.
- 8. If you need assistance with the Partnership Desk contact the GCC Partnership Desk Coordinator, Toni Bardon see details below.
