BRIDGE IS A GAME:

- ♣ That is easy to learn but hard to master.
- ♣ It is a game where you meet new and interesting people.
- ♣ It is a game for people who like to travel.
- ♣ It is for people who want to keep their brain active.
- ♣ It is proven to boost your immune system, help your mind, and keep you happy.
- ♣ And if you become an addict, you can compete anywhere in Australia and around the world!
